We are experts in following industries:

- RAIL
- POWERTRAIN SYSTEMS
- CONSTRUCTIONS
- MACHINE BUILDING
- HYDRAULIC AND PNEUMATIC
- SOLAR SYSTEM AND BESS
- HVAC

Departments

3D DIMENSIONING & DRAFTING

2D drafting of 3D parts, assemblies of any kind for machine or construction. Creation of drawing is on highest of standards, for best cost/quality of the part/assembly.

3D DESIGN & CONSTRUCTION

3D modeling of parts and assemblies of any kind for machine or construction. Experts in machine building, electromotors, rail industry, and hydraulics/pneumatics systems.

MECHANICAL CALCULATIONS

Mechanical calculations of stress, pressure, loads, pressure equipment, etc. Calculations are done in FEM or acc. to DIN/EN standards.

TEHNICAL SUPPORT

We can be your engineering office based in Tuzla. We will be at your disposal 24/7 if needed.

RAPID PROTOTYPING

Rapid prototyping is very quick with us!
Our 3D printers and 3D scanner can help you create your prototypes very quickly.

HYDRAULIC AND PNEUMATIC SYSTEM DESIGN

Design of pneumatic and hydraulic systems; automatization and programming of systems.

PROJECT MANAGEMENT & DATA SECURITY

Your project is considered TOP SECRET from our point of view. If your project management system fails, you will always have a backup of your files on our servers.

“Perfection is achieved, not when
there is nothing more to add,
but when there is nothing left to take away.”
